

be.tex® Blackback Zebra FR

Art.No. 04280-XXXX-2665-BB

Description

Black and white like a zebra, but much easier to handle. This blackout textile impresses with its scratch-resistant black back and brilliant white front. The colour boost coating increases the colour brilliance and the stretch ensures easy fitting even into very large profile frames. Please have a look to the accessories. We have surely your profile favorites.

Important: Run a print test! Many factors influence the textile during printing and application. All technical data were determined according to the current state of measurement technology and reflect the values of the measurement sample. Despite the highest quality standards, there may be production deviations – all information are legally non-binding and without guarantee.
